INTRODUCTION

IN presenting the first volume of THE WORCESTER INDEX to the property holders and others identified with the Real Estate interests of Worcester, the publishers of this book feel that a long step, in the right direction, has been taken by providing in condensed and comprehensive form the public records and official surveys of the City in detail just as they exist. :: :: :: :: :: :: ::

¶ The official surveys of a city the size of Worcester, combined with the assessed valuation, are of importance to the tax-payer, who may desire to form an intelligent opinion of the methods employed to secure the immense revenue raised each year by taxation. :: :: :: :: :: :: :: :: :: ::

¶ The city officials, who make the surveys and plans by which the assessments are levied, have, up to this time, two sets of eleven volumes each, of plans in detail; in all, four hundred and thirty-two pages to each set. These are reproduced in THE WORCESTER INDEX on ninety-seven pages, with a uniform scale of one hundred and fifty feet to the inch throughout. :: :: :: :: :: :: :: :: :: ::

¶ THE INDEX was designed to fill a space not occupied at present by any publication, and by careful and painstaking comparison the publishers have reproduced the public records in a convenient form with all figures of measurements as given by the official surveys of the city. :: :: :: :: :: :: :: :: :: :: :: ::

¶ The assessors of Worcester, consisting of a board of three men elected for terms of three years each, by representatives of tax payers, carry on the business end of the most important department at the City Hall. Upon their decision and judgment rests the responsibility of providing by means of taxation the funds necessary to sustain all other departments. :: :: :: :: :: :: :: :: :: :: ::

¶ During the year just ended the property interests as assessed amount to one hundred and fourteen millions, two hundred and seventy-eight thousand, one hundred and thirty-five dollars ($114,278,135). :: :: :: :: :: :: :: :: ::

¶ The task of handling, intelligently and equitably, the immense property values of Worcester is no light one. There are many tax payers who realize they cannot sell their property for what it is assessed for. Others are permitted to hold real estate or other property for a nominal sum, comparatively. These conditions are shown in this book by the combination of plans in detail with the assessors' valuations. :: ::

¶ Reference to the table of valuations for the last ten years on page 194 shows the rate per thousand dollars has advanced from fourteen dollars and sixty cents to sixteen dollars and forty cents. :: :: :: :: :: :: :: :: :: ::

¶ The city will probably grow as rapidly during the next ten years as it has in the past, but equitable taxation will prevent an increase of the rate. This means, however, a better administration of the city affairs in the assessors' department than has existed during the last ten years. :: :: :: :: :: :: :: :: ::

¶ The publishers of THE WORCESTER INDEX ask that careful attention be given the plans and valuations as shown. :: :: :: :: :: :: :: :: :: ::

MONTVALE

IS located in a strictly high-grade residential section with beautiful natural surroundings. The broad avenues, smooth paved walks, granite curbing, grass plots, shade trees, add distinction to the locality. All the improvements including sewers, city water, electricity and gas. No tenement houses. Building limit insures fine residences, and the surroundings are such as to make the home site beautiful and enjoyable.

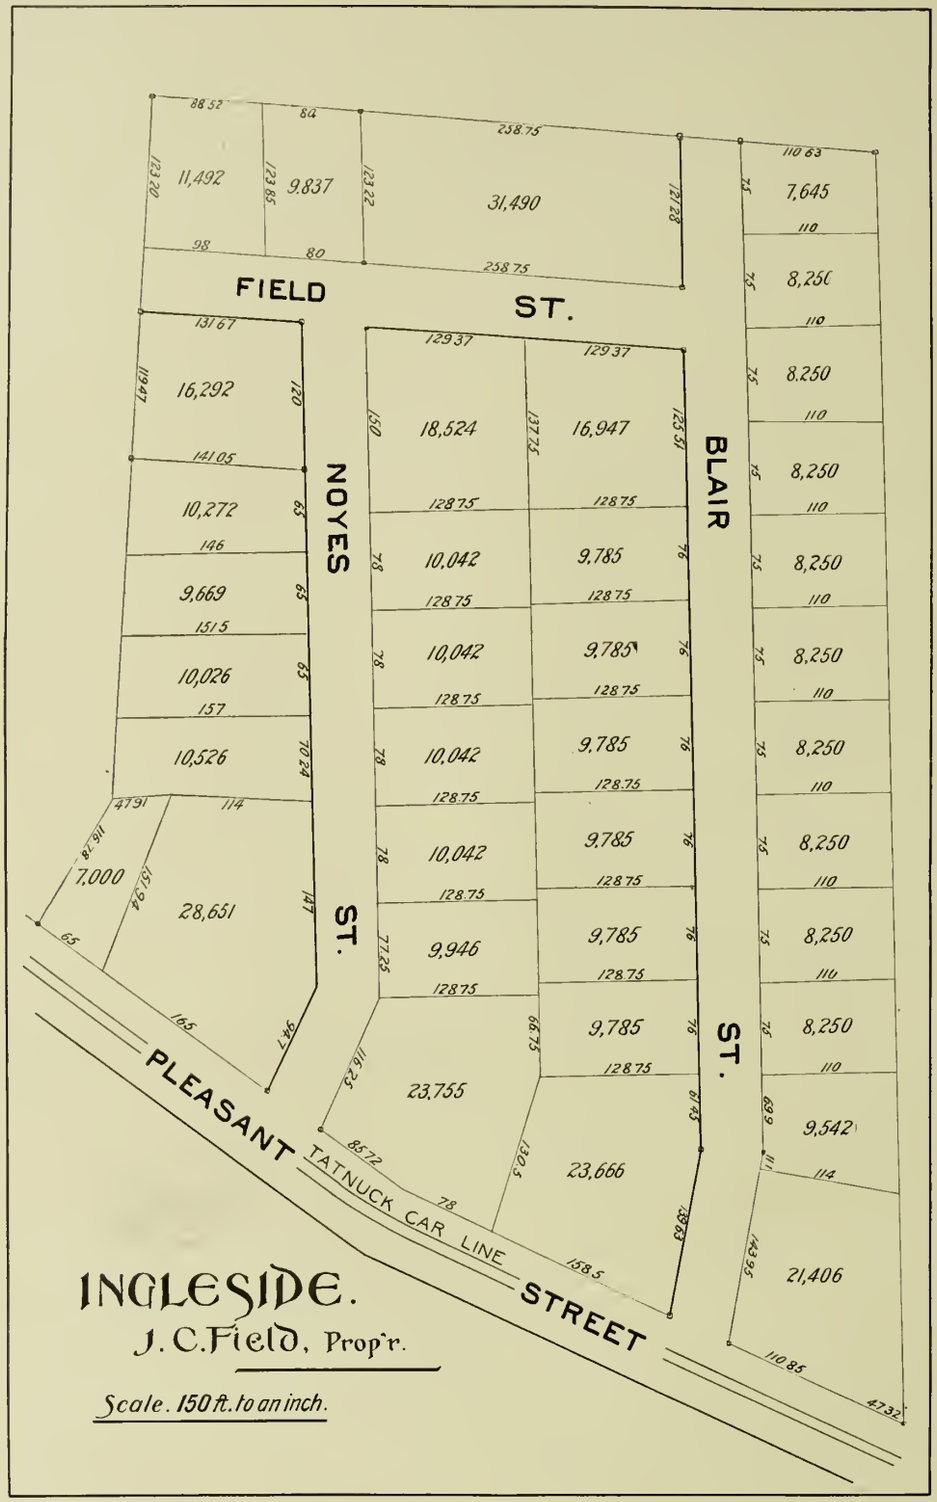
THE MOST BEAUTIFUL LOCATION FOR BUILDING SITES IN OR ABOUT WORCESTER.

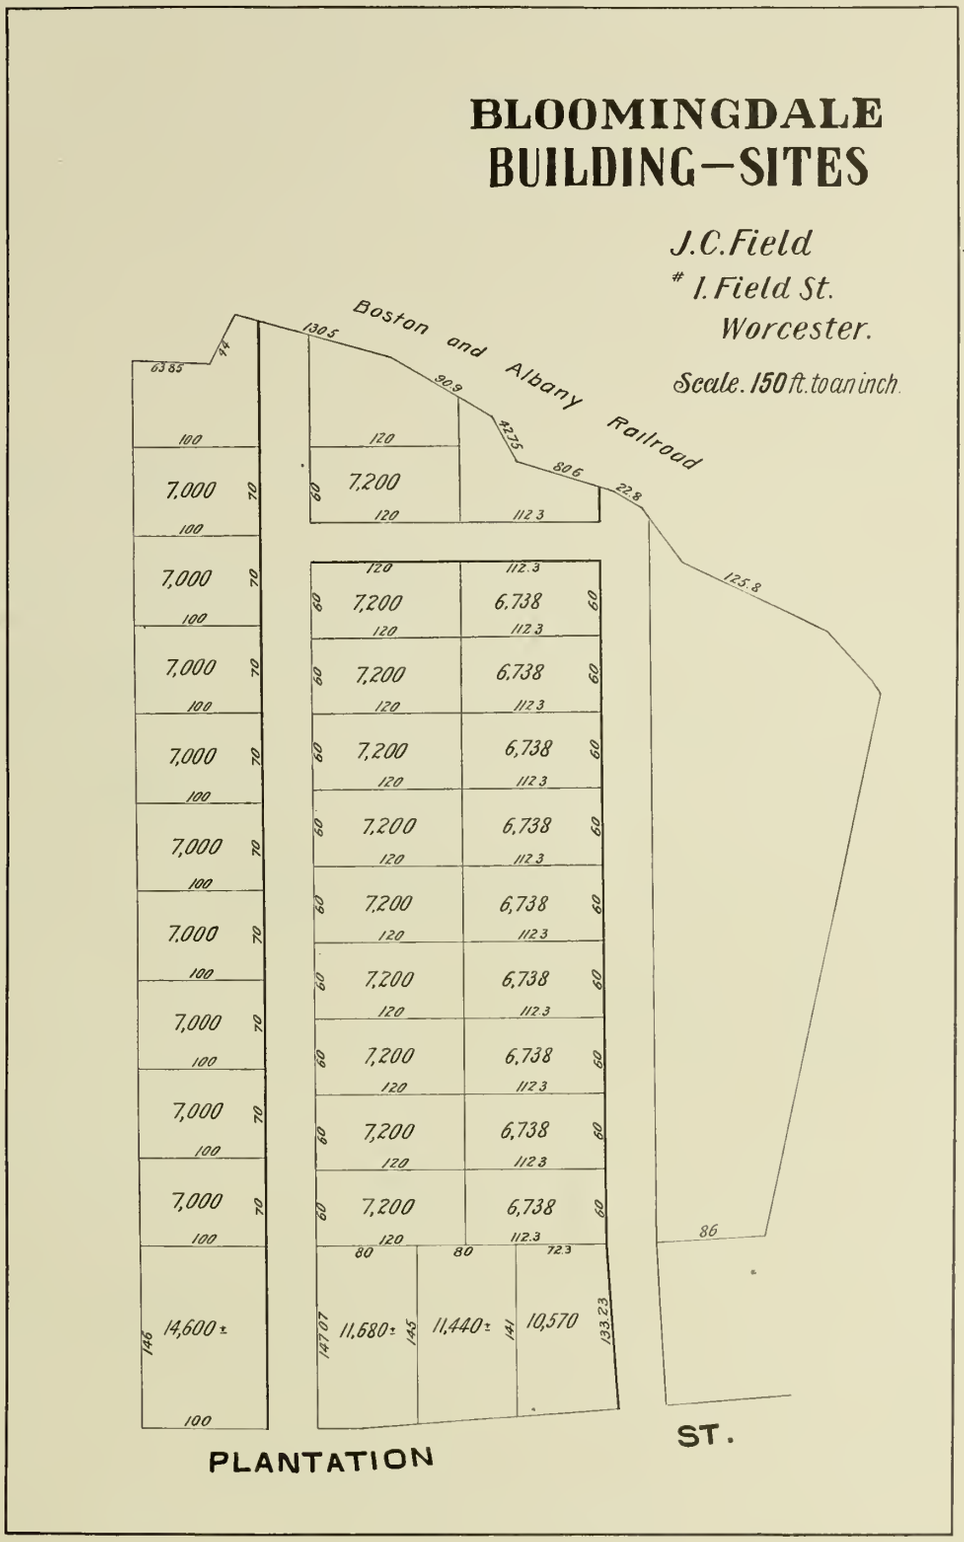


HIGH, DRY, SIGHTLY AND HEALTHFUL.

THOSE who know the natural beauties of Ingleside appreciate the surroundings to the fullest degree. For a quiet neighborhood with everything that makes the home location desirable, no better exists within such a convenient distance of the centre of Wocester. All the improvements, electric cars, granolithic sidewalks, city water, sewers, and electricity. Favorable terms to the right parties.

J. C. FIELD, No. 1 Field Street, Office, 41 Pleasant Street, Worcester, Mass.

THESE LOTS ARE FINELY SITUATED IN THE EASTERN SECTION OF THE CITY NEAR ELECTRIC CAR LINES.



The land is located near a section largely built upon by many desiring homes away from the thickly settled portions of the city but within convenient access. All of the lots are on level land making them economical to build upon.

Terms easy.

THIS tract of land, containing about 123 acres is for sale. Reserving from ten to fifteen acres for the use of the owner. Richmond Avenue making all the lower land directly accessible, and the recent extension of Beeching and Lenox streets to Flagg Street directly opening the higher portions, make the whole tract desirable for residences on the west side. By electric road it is within fifteen minutes of City Hall and a very large portion is within from three to five minutes walk of the cars. There are not less than three hundred full grown oak trees scattered over the whole tract. The owner prefers to sell in tracts containing one to ten acres for comfortable and attractive homes. Limited portions will be sold for house lots. All sales will be subject to restrictions to protect purchasers.

THE STATE SAFE DEPOSIT CO.

STATE MUTUAL BUILDING,

340 MAIN STREET, WORCESTER, MASS.

EVERY year since Safe Deposit Companies were originally formed has witnessed constant improvements in the methods of construction of their vaults and of their appliances, so that the vaults and safes built to-day are very different from those of a few years since and afford much greater protection. In most of the prosperous cities of the country new companies of this kind have been established, which offer the highest degree of safety that the genius and skill of modern inventors and mechanics can afford.

The vaults of the STATE SAFE DEPOSIT COMPANY are in the new building of the State Mutual Life Assurance Company in Worcester, built by Norcross Brothers, upon plans prepared by Messrs. Peabody & Stearns, architects, calling for the most massive and substantial construction; a thoroughly fire-proof structure.

The vaults, doors, locks, safes, etc., were constructed by the Damon Safe Works of Boston. They are of unusual strength and thickness, and in every detail of their construction the utmost thoroughness has been observed.

Before entering upon the work, the officers of this company visited and inspected the newest and most complete deposit vaults in New York, Boston and other cities, and feel confident that they have availed themselves here of all the recent inventions and discoveries, without the employment of which, absolute safety cannot be obtained. The premises are entirely above ground, light and well ventilated. They will be under constant supervision night and day, and every precaution will be taken to secure perfect protection. The safes are commodious, of various sizes, and accessible only to renters.

Prices, from $5 Upwards, According to Size.

Adjoining the vault containing the safes, the company has a storage vault, where it will receive, at reasonable rates, trunks or boxes containing silver or jewelry, pictures, etc, and generally articles of value more bulky than ordinary securities.

Persons leaving town for a time, and closing their houses, will find this a convenience and protection.

A. G. BULLOCK, *President.*
H. M. WITTER, *Secretary.*
HALLECK BARTLETT, *Manager.*

THE FIRE DISTRICT

For the purpose of securing the prevention of fire in the city of Worcester, a fire district is hereby established therein, the boundaries of which shall be as follows, to wit: Beginning at a point on Main Street, one hundred and fifty feet southwesterly of Lagrange Street; thence running southeasterly parallel with and one hundred and fifty feet southwesterly of Lagrange Street to a point one hundred and fifty feet southeasterly of Lafayette Street; thence easterly parallel with and one hundred and fifty feet southerly of Lafayette Street to a point one hundred and fifty feet westerly of Millbury Street; thence southerly to a point one hundred and fifty feet southerly of Taylor Street extended westerly; thence easterly parallel with and one hundred and fifty feet southerly of Taylor Street to a point one hundred and fifty feet easterly of Ward Street; thence northerly parallel with and one hundred and fifty feet easterly of Ward Street to a point one hundred and fifty feet easterly of Vernon Street; thence northwesterly to a point one hundred and fifty feet easterly of Water Street; thence northeasterly parallel with and one hundred and fifty feet easterly of Water Street to a point five hundred feet northeasterly of Grafton Street; thence northerly in a straight line to a point one hundred and fifty feet southeasterly of Shrewsbury Street; thence northeasterly parallel with and distant one hundred and fifty feet from Shrewsbury Street to a point one hundred and fifty feet easterly of Cross Street; thence northerly to a point one hundred and fifty feet easterly of Shamrock Street; thence westerly parallel with and one hundred and fifty feet northerly of East Central Street to a point one hundred and fifty feet easterly of Mulberry Street; thence northerly parallel with and one hundred and fifty feet easterly of Mulberry Street to a point one hundred and fifty feet northerly of Prospect Street; thence westerly parallel with and one hundred and fifty feet northerly of Prospect Street to a point one hundred and fifty feet easterly of Hanover Street; thence northerly parallel with and one hundred and fifty feet easterly of Hanover and Clayton streets to a point one hundred and fifty feet northerly of Belmont Street; thence westerly in a straight line to a point one hundred and fifty feet northerly of Faraday Street; thence southerly by a line one hundred and fifty feet westerly of and parallel with Harvard Street extended northerly and Harvard Street to a point one hundred and fifty feet northerly of Bowdoin Street; thence westerly parallel with and one hundred and fifty feet northerly of Bowdoin Street until it meets a line drawn parallel with and one hundred and fifty feet westerly of Chestnut Street extended; thence southerly parallel with and one hundred and fifty feet westerly of Chestnut Street extended and of Chestnut Street to a point one hundred and fifty feet northerly of Elm Street; thence westerly parallel with and one hundred and fifty feet northerly of Elm Street to a point one hundred and fifty feet westerly of Fruit Street; thence southerly parallel with and one hundred and fifty feet westerly of Fruit and Newbury streets to a point one hundred and fifty feet northerly of Austin Street; thence westerly parallel with and one hundred and fifty feet northerly of Austin Street to a point one hundred and fifty feet westerly of Piedmont Street; thence southerly parallel with and one hundred and fifty feet westerly of Piedmont Street to Main Street; thence northerly by Main Street to the place of beginning.

AN ORDINANCE

RELATING TO THE FIRE DISTRICT.

Be it ordained by the City Council of the City of Worcester, as follows:

The tract of land included within the boundaries following, that is to say, beginning at the line of the Fire District, as established by chapter seventeen of the Revised Ordinances of eighteen hundred and ninety-five, in Lafayette Street; thence by the centre of Lafayette Street to its junction with Lamartine Street; thence by the centre of Lamartine Street to the angle in said Lamartine Street between Langdon and Lodi Streets; thence northerly from the said Lamartine Street by a line parallel with Lodi Street to Gold Street; thence by the centre of Gold Street to a point one hundred and fifty feet southerly of Madison Street extended; thence southeasterly by a line parallel with and one hundred and fifty feet southerly of the centre of Madison Street to a point one hundred and fifty feet southeasterly of Gold Street; thence northeasterly parallel with and one hundred and fifty feet southerly of Gold Street to a point one hundred and fifty feet westerly of Washington Street; thence easterly at right angles with Washington Street to a point one hundred and fifty feet easterly to Washington Street; thence southerly parallel with and one hundred and fifty feet easterly of Washington Street to a point one hundred and fifty feet northerly of Lamartine Street; thence easterly at right angles with Washington Street to the centre of South Harding Street; thence by said centre of South Harding Street to a point one hundred and fifty feet westerly of Millbury Street and one hundred and fifty feet southerly of Lafayette Street, being a point in the line of the Fire District as established by said chapter seventeen; thence westerly parallel with and one hundred and fifty feet southerly of Lafayette Street to a point where said line intersects with the extension of a line parallel with and one hundred and fifty feet southerly of Lagrange Street; thence westerly by the extension of said line parallel with and one hundred and fifty feet southerly of Lagrange Street to the point first mentioned, the last two lines being coincident with parts of lines of said Fire District, as established by said chapter seventeen, —is exempted from the operation of chapter seventeen of said Revised Ordinances until the first day of August, nineteen hundred and six; provided, however, that at no time shall there be erected within said above described tract any wooden building nearer than seven feet to any boundary line except the street line of the lot upon which such building is erected and that no wooden building more than three stories in height shall be erected thereon, and that the roofs of all wooden buildings erected thereon shall be either graveled or slated.

RESIDENCE OF MR. J. C. FIELD, AT "INGLESIDE."

On Contract and other work my aim has always been to combine good workmanship with first-class materials. It is very gratifying to me to receive commendations of the following character.

Worcester, Mass., Nov. 1, 1901.

To whom it may concern :

Mr. A. P. Robbins has done, during the past three years, a large amount of work for me, including the building of my residence at Ingleside. This work has been perfectly satisfactory, so much so, that I desire to commend him to any one requiring the services of a contractor and builder. He not only performs honest work, but does just as he agrees in every instance. My experience is that such men are rare to find.

J. C. FIELD.

Worcester, Mass., Nov. 23, 1901.

In the last six years I have employed Mr. A. P. Robbins a great deal, during which time he built my house, corner of May and June Streets, and the home stands to show the class of work he does. I am perfectly satisfied in every way, and can recommend him as a faithful builder.

C. L. HARTSHORN.

Worcester, Mass., Nov. 1, 1901.

It affords me pleasure to recommend Mr. A. P. Robbins to any one requiring the services of a first-class builder and contractor. I know that his work will stand the test. Mr. Robbins has built one house that I am interested in, and if another was contemplated, I certainly should try to secure his services.

E. F. SWAN,
35 Noyes St., Worcester.

Worcester, Mass., Nov. 24, 1901.

Our home was built by Mr. A. P. Robbins, and we are perfectly satisfied with it in every way, and can recommend him to all who wish to employ an honest builder.

NEW MAP OF WORCESTER

THE INDEX PUBLISHING CO., HAVE JUST ISSUED

The Finest and Best Map

OF THE CITY OF WORCESTER yet published. It will be found indispensable to the man of business, or stranger who may desire to locate instantly a street (new or old) in any section.

UP-TO-DATE, and an exact reproduction, on a small scale, of the latest and best map produced by the Engineer's Department of the City of Worcester.

EVERY LINE FROM ACTUAL SURVEY, with the addition of a large number of new streets secured from private plans from property owners for publication in this book.

That such a map was needed is shown by the warm commendation from the press and others who have long seen the necessity. The Worcester Index was designed to fill a space of importance to all interested in or identified with the real estate of Worcester.

Do You Use PRINTING In Your Business?

MOST SUCCESSFUL BUSINESS MEN DO.

IF you need a doctor or dentist in your family, or a lawyer for legal advice, do you send to three or four for competitive bids and then employ the cheapest man? . . . . . Why not display the same good judgment in selecting your printer? If twenty-five years' experience, an up-to-date equipment and personal supervision are worth anything to you, then my services are at your disposal. We do good printing — the best we know how. Some of our customers think it superior to the other fellow's. If the quality and price are not right you get your money back — if you say so.

Our Fight for Victory!

Greater value-giving each day. Better store service. Vaster preparations, greater enthusiasm, the courage of new allies, and the nerving flush of victory!

For business is campaigning. It has all the elements of courage except bodily risk. It has its watchwords, its standards. There is the ever-alertness for the concealed antagonist, the sudden surprise of crafty competition. There are enemies worthy of your steel, and there are guerrillas whose potfire is aimed at your back.

We planned our enterprise on the Solid Rock of our purchasing ability, gathered by years of experience in the great markets. Our wide-spread business connections. Our motto: "Small but sure profits," and last but most important, our determination to allow no goods to come into our store, or go out to our patrons, unless it is quality, no matter how low the price.

Public confidence is the result. A great and growing business. Aiming each day to increase its ability to serve you in every department with the best merchandise at the very lowest possible margin of profit.

THE J. L. GODING CO.,

"20TH CENTURY STORE."

Clothing, Shoes, Hats,
Furnishings,

WORCESTER, MASS.

THIS Trade Mark has become familiar enough to the people of Worcester and vicinity during the past year, but a detailed explanation of it may not be uninteresting here. The lower part "Mac," is the prefix to the firm name "MacLachlan," as it is to many of the Highland Clan names of Scotland. The upper part is the coat-of-arms of the ancient Clan of the MacLachlans of Strathlachlan, Scotland, whose records go back for many centuries and whose traditions stretch yet further into the dark and early ages of Scottish history.

No doubt there is a great difference between the crest of an ancient and romantic Highland Clan and the same crest as the sign-manual of an up-to-date American Cloak House. But romance and chivalry need not be dead, even in an age of commercialism; and our acceptance of this crest as our trade-sign, signifies our intention to conduct our entire business in accordance with *the best traditions of our Clan.*

The Ancient MacLachlans Were Aggressive and won many honorable records on the roll of fame. We also intend to be aggressive, and to win a reputation for spirited and honorable business enterprise. *The motto of our Clan*—"*Fortis et Fidus*"—"*Strong and Faithful,*" we intend to be our motto also.

We Feel Strong in our position; strong in our business resources and facilities; strong in our conviction that the goods we handle are the best quality, the latest design, the handsomest finish and the cheapest price obtainable; and strong in our assurance that we can build up a business that will be alike advantageous to our patrons and profitable to ourselves.

We Intend Being Faithful to our promises and our ideals, so that our House will become increasingly known for its reliability as well as its enterprise.

We Have Made Many Friends during the past year, whose admiration for the choiceness of our garments has only been equalled by their wonder at the extremely moderate prices asked for them.

If you have not called to see us since our *Opening*, call now. We have a choice and varied selection of the most stylish and up-to-date garments in Women's and Misses' Suits, Coats, Skirts, Capes, Waists and Furs, and in Children's Dresses.

TEMPTING VALUES IN SKIRTS

for the street and for the house. For walking and for Driving. For Rainy Day and for Sunshine. For Work and for Play. For all Sizes and uses, and Tastes.

The reputation we have earned of having

THE FINEST SHIRT WAIST DEPARTMENT IN THE CITY

is more than sustained by the many dainty creations in New Season's Waists we are now showing. Imported and domestic models of Peau de Cygne, Taffeta Precience, Glaces, Louisines, and Crepe de Chine; also of Doeskin Flannel, Broadcloth, Corduroy, and Velvet, in a variety of exclusive styles. To see is to admire, to admire is to desire, and to desire is to acquire some of these fetching designs in dainty fabrics. *Fur Insurance* against cold can nowhere be secured on better terms than here. Stylish Neck Pieces, Neat Fur Sets, and Handsome Seal Coats. Misses and Children dressed at Mac's always look smart.

You will know our store from the sign "Mac," over the doorway; from the two elegantly dressed windows; from the up-to-dateness of the stock; from the reasonableness of the prices; and from the politeness of the saleswomen.

ASHMORE

is the name given to a very fine piece of property on Pleasant Street near May Street, controlled by Chas. A. Kabley, the well-known real estate dealer.

Mr. Kabley has had excellent success in disposing of lots, and asserts that "Ashmore" furnishes the most desirable home sites for the money in Worcester.

The buildings already erected show substantial progress in the right direction. Prices of lots vary from six to twelve cents per foot.

Plan shown on page 108 gives the platting of the land.

BLOOMINGDALE BUILDING LOTS.

Mr. J. C. Field offers for sale a fine tract of land at Bloomingdale suitable for house lots. To those preferring homes on the east side of the city an opportunity is afforded to secure a site situated within a short distance of the business center on electric car lines with quick service.

Prices moderate, and favorable terms.

See page 107 for plan.

BURNCOAT HEIGHTS

is situated on high ground just north of Greendale, between West Boylston and Burncoat streets, within five minutes walk of the electric railroad, and two minutes walk from the Boston and Main Railroad station.

This land slopes to the west, and is very desirable for house lots.

Full particulars of J. B. Shattuck, Commercial, corner Foster, or 309 Lincoln Street.

For plan of lots see page 119.

DODGE PARK AND DODGE TERRACE.

Situated in the northern part of the city, were purchased by Jas. B. Scrimgeour of Hon. Thomas H. Dodge in 1899.

Very careful attention has been given in the platting and developing of these properties, and every possible improvement anticipated and adopted.

Both tracts are within convenient walking distance of Greendale, where positive evidence of prosperity is already assured; these properties cannot fail to advance rapidly in value.

The car accommodations are of the very best. Dodge Park is beautifully situated on a south slope, directly opposite Odd Fellow's Home, and bordering on the west and south sides of the Public Park.

Dodge Terrace is not to be overlooked for the beauty of its surroundings; this has for its attractions the new home of the Agricultural Society on the north, and on the west North Pond, a refreshing place of resort and recreation.

The lots vary in size from 5,000 to 8,000 square feet, and are sold either for cash on liberal terms, or on easy payments.

Jas B. Scrimgeour, the owner, has offices at 518 Main Street, room 15. See pages 110 and 111 for plans of these properties.

HAMMOND HIGHLANDS.

Ten years ago Hammond Highlands was almost an unknown name in Worcester. Now it is a select and beautiful location for residences of the better class. The large number of buildings erected during the time mentioned shows the popularity of the section. No objectionable features exist at this time, nor will be permitted in the future.

Notwithstanding the large sale of lots, there are still desirable ones to be had on Germain, Haviland, Beechmont streets and Howatson Way, also a large tract of land of about 34 acres bounded on two sides by Highland and Haviland streets. The plan of the Highlands is shown on page 113.

Benj. A. Barber, 31 Germain Street, or at 440 Main Street, has charge of the property, and will furnish all particulars.

HOUSE LOTS ON MAIN STREET.

West of New Worcester, splendidly situated on the main thoroughfare of the city. The car service is the very best.

Land on Main Street south has always been desirable and much sought for notwithstanding the growth of the city in other directions.

Size of lots to suit requirements of purchaser.

See plan on page 117. S. B. & N. B. Parsons, owners.

INGLESIDE.

On Pleasant Street, just within the two-mile circle, presents advantages for home locations, that makes the situation one of the finest of the many tracts of suburban land in the market.

A few years ago the entire section, west of what is now Richmond Avenue, was used entirely for farming purposes, but with the extension of the electrics new conditions have arisen, and this district presents an entirely different aspect.

No better evidence that Worcester is growing can be found anywhere.

"Ingleside" is at once an attractive spot for the splendid view of the surrounding country which, combined with the improvements, furnishes all the conveniences of the city home.

Prices for the land moderate. Proper restrictions insure a good class of dwellings. Prospective buyers should not overlook this property.

Plan in detail on page 106. Particulars of J. C. Field, 1 Field Street, Worcester.

THE CROMPTON ASSOCIATES

offer for sale land suitable for manufacturing sites or building purposes. Much of the property is located near railroads where facilities are ample.

See advertisement on page 122.

THE I. N. KEYES ESTATE.

On Pleasant Street, comprising a number of buildings and land of large area, is offered for sale by George A. Keyes, 545 Pleasant Street.

A plan of the property will be found on page 117.

JAMESVILLE LAND.

D. H. Eames offers for sale land at Jamesville for manufacturing sites and for house lots. Several sites on the line of the Boston and Albany Railroad track, finely situated for manufacturing purposes, with excellent transportation facilities, will be sold on very satisfactory terms. Also a large number of house lots on the line of the Worcester and Southbridge Electric Road, will be sold at low prices and on easy terms.

All of this land is at Jamesville station, on the line of the Boston and Albany Railroad and the Worcester and Southbridge Electric Road.

For particulars call on D. H. Eames, Main Street, corner of Front, or Farrar and Gates, 518 Main Street. Plan on page 121.

LINCOLN STREET LAND COMPANY.

Land on Lincoln Street, in the vicinity of Adams Square, has been at a premium for many years past, and the tendency has been to push a little further out.

Electric car service makes this possible without serious inconvenience. Of the many tracts opened up in this district, none possess more attractive features than the property controlled by the Lincoln Street Land Company, W. H. Tylee, Treasurer, offices 832 State Mutual Building. Plan giving details is shown on page 104.

MONTVALE

is on Salisbury Street and Park Avenue. Everything that money, experience and pains-taking can do to make this the choicest spot in the city for residences for the most particular persons.

Roads are fifty feet wide and hard topped-dressed with gravel; cobble-paved gutters and granite curb; sidewalks ten feet wide, with six feet granolithic smooth paving, and a four foot grass plot between this walk and the curb; three varieties of maples for shade trees in the grass plots. Sewers and city water in all streets. Houses must not cost less than $4,000 in certain sections; in other sections a $3,000 house is allowed. Houses to be set back from the street forty, thirty and twenty feet, according to depth of lots on different roads

No assessments to purchasers for any of above improvements. Lots are from 6,000 to 20,000 square feet in area. Right is reserved to sell only to such parties as will keep the tone of the section up to the required standard. Plan in detail on page 101.

For further particulars see Herbert A. Pratt, 705-6 State Mutual Building, or Harry Ballard, 624 State Mutual Building.

MOUNTAIN VIEW

is located on Forest Street, in close proximity to Montvale and Hon. Stephen Salisbury's property on Massachusetts Avenue, destined to become one of the finest residential sections of Worcester.

The owner, W. J. Wheeler, offers for sale lots on favorable terms. The situation of this property is exceptionally fine, and Mr.Wheeler is ready to make prices that will sell the land. Before buying elsewhere take the Salisbury Street electrics and see for yourself what a beautiful spot for a home Mountain View is. Plan on page 105.

RICHMOND HEIGHTS.

A beautiful suburb of Worcester, 600 feet above sea level; sloping to the southeast, with views of the city and country unsurpassed. The elevation secures to the resident conditions that are exceptional, and the whole section is conceded, by those who know, to be the most desirable part of Worcester for residential purposes.

The streets are public, broad aud well-constructed, Rock Maple shade trees in the grass plots on either side, with the finest granolithic walks, curbing and gutters, all city conveniences, and no assessments to purchasers for improvements.

The houses (and there are a goodly number now) are set tastefully at a distance from the street line, surrounded by beautiful lawns.

The development of this property is due largely to the efforts of James H. Howland, and ranks creditably with the best property interests of the city. Plan, on page 115.

RICHMOND AVENUE BUILDING LOTS.

The house lots offered for sale by Elliott Moore and shown in plan on page 117 are situated on the west side of the city, adjoining Richmond Heights.

This land is very desirable for house lots, gravel soil insuring the best of cellars,wide streets; Richmond Avenue being a main thoroughfare from Pleasant Street to Salisbury Street.

Mr. Moore is his own agent, and by buying of him you save all agents and syndicate profits.

GREENWOOD PARK.

Greenwood Park, the latest district opened for suburban homes, is located on Greenwood Street in Millbury, adjoining the Worcester line.

The lots are level, and soil light without ledge. The proposed electric line from Worcester to Providence passes the property, fare five cents to City Hall.

To persons of small income wishing to build in the suburbs easy terms will be made. Particulars of W. B. Howe, residence 12 Shirley Street, Worcester. Plans of the property on page 120.

THE FINE RESIDENTIAL SITES

On Massachusetts Avenue, recently developed and placed on the market by Hon. Stephen Salisbury, afford a splendid opportunity to purchasers desiring to build in a section of the city where every feature is of the very best.

Much has been done by Mr. Salisbury in the way of improvements to make the lots offered for sale desirable.

Massachusetts Avenue is 100 feet wide, with a handsome growth of trees in the center, granolithic sidewalks, with grass plots between curbing on all the streets, also gas and sewers.

A house lot bought after all the improvements have been made costs less than under other conditions.

The Massachusetts Avenue property adjoins Bancroft Heights, and is conveniently situated for the business or professional man desiring a home location amid beautiful, natural surroundings.

A plan showing this entire section will be found on pages 102 and 103.

THE FLAGG PROPERTY.

Adjoining Richmond Heights is shown as a whole by plan on page 114.

This property has only recently been placed on the market. A small portion is offered for sale in house lots; the remainder can be bought in sections of from one to ten acres, a rare opportunity to secure a tract large enough to please the desires of parties looking for sites for suburban homes in a locality where the land is sure to increase in value within a few years.

No part of Worcester shows more rapid development than land on the west side, and it may be safely said that the time is not far distant when this property will be built upon.

All sales made subject to restrictions to protect purchasers A large part of the land is within three to five minutes walk of the electrics.

Particulars of Thos. G. Kent.

WEST SIDE LAND COMPANY.

The West Side Land Company show a plan on page 112 of lots for sale on William, Russell, Somerset, Roxbury and Sever streets near Elm Park, and offer to the prospective buyer the most central location for choice residential sites in a select and beautiful neighborhood.

The property is within ten minutes walk of Main Street, with two lines of electric car service. All modern improvements and conveniences, including fine granolithic sidewalks, gutters and curbs, with grass plots between the walks and curbs. No assessments to purchasers for these improvements.

The building limit places the buildings at a reasonable distance from the street line, thus adding beauty to the already attractive streets

All lots sold under fair restrictions—assuring the best possible results to and for the mutual benefit of all who may own or occupy property in this vicinity.

James H. Howland is manager of the West Side Land Company, office 717 State Mutual Building.

WORCESTER REAL ESTATE ASSOCIATION.

The Worcester Real Estate Association (a Massachusetts Corporation) shows a plan of lots on page 116.

The land is located near Newton Square, in the midst of a well-built up district developed within a few years. Electric cars (two lines, Tatnuck and June Street) run on ten minute time; a ride of a few minutes only to City Hall.

The class of houses built make the location of the land attractive and desirable. In opening up this land the promoters offer terms to purchasers that are inducements of a helpful nature.

James H. Howland, 717 State Mutual Building, is the treasurer of the corporation.
